Safe@CIT

Across CIT these 5 principles underpin everything we do to safeguard children.

Responsibility
We hold our staff and volunteers responsible for the safety of all children in our care. We will challenge the inadequate, unacceptable responsibility of all staff and volunteers who do not take their responsibility seriously.

Resilience
All staff and volunteers who work for us will be supported to build their resilience and ability to deal with the challenges of safeguarding work in the future by providing training and support.

Reporting
We will always listen and find you the help you need.
